

ICID “National Grand Rounds” in Infectious Diseases

The inaugural topic is:

Flu Vaccines for Little Kids – What’s New, What’s True

Tuesday, October 27, 2015 | Presentation: 5:30 pm – 7:30 pm EDT

Learning objectives:

Upon completion of this program, participants will be able to:

- Describe the burden of illness from influenza for children under two years of age.
- Identify and describe current and future options for influenza vaccines for children under two years of age.
- Compare the options with respect to efficacy, effectiveness and efficiency.

Faculty:

- *Moderator:* **Dr. Joel Kettner**, Medical Director, International Centre for Infectious Diseases
- **Dr. Steven Black**, Professor of Pediatrics, Center for Global Health, Cincinnati Children's Hospital
- **Dr. Richard Schabas**, Medical Officer of Health, Hastings Prince Edward Public Health
- **Dr. Timo Vesikari**, Professor of Virology Chief, Paediatric Infectious Disease, Tampere University Hospital
